**6) CONDUCT AGREEMENT FOR VOLUNTEERS**

An Ambassador is defined as 'an official envoy or agent of the highest rank accredited to a foreign government as the resident representative of his own government for a special and often temporary assignment'. (Webster's)

Water Ambassador Canada volunteers are expected to conduct themselves in a manner that enhances the reputation of the ministry and our country and our faith. Our behavior should exemplify Christ-likeness. As such, below are a few areas where we believe it is important for us to be like-minded:

First, understand that while you are on a mission trip, you are a member of a team, not a group of individuals. This means you are expected to submit yourself to the authority of the Team Leader. One of your Team Leader's areas of focus is the safety of the team; therefore, he may not allow risky behaviors such as: late night walks, early morning runs, beach trips, or volcano hikes.

Secondly, it is important to understand that the relationships we build with the people we serve have a much greater value than the tasks we perform (i.e. providing water). It is therefore critical that we show respect toward one another, to the local people, and especially to our In-Country Representatives. As regards our In-Country Representatives, our relationship can also be hurt by well intended actions. We do not want tips to be given. We do not want the individual teams to be seen as a revenue source.

Thirdly, giving tips/cash and or personal gifts to the local people or in country staff can create tensions and test the integrity of the recipient. Even though it may be done with the best of intentions, some situations have had a very negative outcome on all concerned.

Lastly, it is important that we be sensitive to the cultures in which we work. It is almost always the case that behaviors we have grown accustomed to may be seen as unacceptable by the people we serve. As such, it is the policy of WA Canada that while on a mission trip, all team members will refrain from smoking, drinking alcohol and will dress in a conservative manner (long pants and T-shirts will be worn while at the village). If your trip involves staying at a hotel at night, then shorts are acceptable while at the hotel.

We therefore ask that you support the team in these areas. By so doing, you not only aid with team camaraderie, but also enhance our witness among the people.

I have read and agree to abide by the above,

Signed: \_\_\_\_\_
